

DOMINIC R. THORNE

Chief Revenue Officer | Executive VP of Global Sales, Marketing & Growth Strategy

Nashville, TN • (615) 555-0144 • d.thorne.revenue@growth-nexus.com

linkedin.com/in/dominic-thorne-growth • US Citizen

PROFESSIONAL SUMMARY

High-impact Revenue Executive with 12+ years of experience engineering hyper-growth for global technology leaders and high-valuation startups. Expert in the orchestration of integrated Sales, Marketing, and Customer Success ecosystems, specializing in transitioning organizations from transactional models to high-velocity, solution-based Enterprise engines. Distinguished for architecting the "Revenue Velocity Engine" at *OmniStream Global*, which generated a 450% increase in Year-over-Year (YoY) pipeline and secured \$320M in new market capitalization.

Dominic possesses a rare duality of technical mastery in MarTech stack optimization and visionary leadership in global brand positioning. Proven track record of managing marketing and sales budgets exceeding \$180M while directing cross-functional global teams of 200+ professionals. A strategic architect who bridges the gap between AI-driven demand generation and human-centric executive sales cycles. Expert in navigating complex, multi-regional regulatory landscapes for Fintech and Healthtech sectors, ensuring 100% brand consistency and operational excellence across 15+ international markets. Recognized for a unique ability to translate quantitative data into actionable growth strategies for Board-level stakeholders.

CORE COMPETENCIES

- **Growth Architecture:** GTM Strategy, RevOps Leadership, Pricing Optimization, Unit Economics (LTV/CAC).
- **Global Sales Leadership:** Enterprise Solution Selling, Channel Partnership Development, Sales Enablement, CRM Strategy.
- **Advanced Marketing:** Account-Based Marketing (ABM), Performance Marketing, Product-Led Growth (PLG), Viral Growth Loops.
- **Digital Transformation:** MarTech Stack Integration, AI-Driven Lead Scoring, Automated Nurture Cycles, Data Orchestration.
- **Organizational Design:** Talent Acquisition Strategy, Incentive Alignment, Cross-Functional Team Synergy, Culture Transformation.
- **Financial Stewardship:** P&L Responsibility (\$200M+), Capex/Opex Budgeting, ROI Modeling, M&A Due Diligence.
- **Communication:** Public Relations, Investor Relations, Crisis Management, Global Thought Leadership.

TECHNICAL SKILLS

Sales & Revenue Operations (RevOps)

- **CRM Ecosystems:** Salesforce (Advanced Architect), HubSpot Enterprise, Microsoft Dynamics 365, Oracle Sales Cloud.
- **Sales Enablement:** Gong.io, Chorus.ai, Highspot, Outreach, Salesloft, Seismic.
- **Pipeline Intelligence:** Clari, InsightSquared, 6sense, Demandbase, ZoomInfo.

Advanced Marketing Technology (MarTech)

- **Automation & Lifecycle:** Marketo Engage, Pardot, Braze, Iterable, Klaviyo.
- **Performance & Search:** Google Ads Manager, LinkedIn Campaign Manager, Meta Ads, SEMrush, Ahrefs, Moz.
- **Content & Web:** WordPress (Headless), Webflow, Contentful, Adobe Experience Manager.

Analytics, Data & AI

- **Visualization:** Tableau, Power BI, Google Data Studio, Looker.
- **Data Infrastructure:** GA4, Segment (CDP), Mixpanel, Amplitude, Heap, BigQuery.
- **Attribution Modeling:** Bizible, Dreamdata, Rockerbox, CaliberMind.

Project & Team Management

- **Agile Frameworks:** Jira (Agile Sales/Marketing), Asana, Monday.com, Trello.
- **Collaborative Tools:** Slack Enterprise, Miro, Microsoft Teams, Notion.

PROFESSIONAL EXPERIENCE

Chief Revenue Officer | OmniStream Global | 2021 – Present

Nashville, TN / Remote (Enterprise Cloud Solutions | Annual Revenue: \$1.5B)

Strategic Mandate & Executive Oversight: Directly responsible for the global P&L across Sales, Marketing, and Partner Channels for an organization of 1,200 employees. Oversee an integrated Revenue Organization (RevOrg) of 250+ professionals. Report directly to the CEO and Board of Directors on all growth metrics, pipeline health, and GTM execution.

Key Measurable Achievements:

- **Revenue Transformation:** Engineered a strategic pivot to a "Land and Expand" model, increasing Net Revenue Retention (NRR) from 94% to 122% within 24 months.
- **Pipeline Acceleration:** Architected a multi-tier ABM framework targeting Fortune 500 accounts, resulting in a \$400M incremental pipeline and a 35% increase in Enterprise win rates.
- **Global Expansion:** Spearheaded the company's entry into the EMEA and LATAM markets, establishing regional hubs in London and São Paulo. Contributed \$85M in new ARR in the first 18 months.
- **MarTech Unification:** Led a \$12M digital overhaul, consolidating 45 disparate tools into a unified Salesforce/Marketo/Segment ecosystem. Reduced data latency by 90% and improved lead-to-opportunity conversion by 22%.
- **Incentive Alignment:** Redesigned the global commission and bonus structures to align with

long-term retention goals, reducing sales turnover by 40% and increasing average quota attainment from 68% to 89%.

- **Strategic M&A:** Managed the commercial integration for the \$450M acquisition of *CloudCore Technologies*. Unified the sales forces and cross-sold the new solution to 30% of the existing customer base in 6 months.
- **Brand Authority:** Launched the "Omni-Future" thought leadership initiative, securing 12 keynote slots at major industry conferences and increasing brand share-of-voice (SOV) by 60%.

VP of Global Marketing & Demand Generation | NexaHealth Tech | 2017 – 2021

Austin, TX (AI-Driven Healthtech Platform)

Operational Leadership: Directed the global marketing function for a high-growth Healthtech firm. Led a team of 95 specialists across brand, demand generation, product marketing, and field operations. Managed an annual marketing budget of \$110M.

Key Measurable Achievements:

- **Growth Modeling:** Developed a proprietary "Predictive Demand Model" that forecasted pipeline within 5% accuracy, allowing for aggressive but safe capital allocation.
- **Lead Generation Revolution:** Scaled monthly MQL volume from 1,500 to 12,000 through an integrated performance marketing strategy. Optimized blended CAC by 45% through high-intent SEO and organic content.
- **Product-Led Growth (PLG):** Partnered with Engineering to launch a "Free-to-Premium" version of the platform. Successfully converted 15% of free users to paid subscriptions within the first 12 months, adding \$20M to the ARR.
- **Compliance Leadership:** Built a specialized HIPAA-compliant marketing framework, allowing for the use of patient data in personalized nurture tracks without regulatory risk.
- **Sales Enablement Excellence:** Deployed Highspot across the global sales force and created 500+ localized sales assets. Improved content usage among reps by 300% and reduced the content creation cycle by 50%.
- **Channel Marketing Initiative:** Launched the "Nexa-Partner" program, recruiting 150+ VARs and medical consultants. Partner-sourced revenue grew from 5% to 38% of total business during my tenure.

Senior Director of Sales & Strategic Accounts | BlueVest Finance | 2013 – 2017

New York, NY (Fintech SaaS for Institutional Investors)

Role Overview: Primary leader for the Institutional Sales and Strategic Accounts division. Focused on high-value contract negotiation and the development of the "Solution Selling" methodology.

Key Measurable Achievements:

- **Deal Closing Mastery:** Personally led the negotiation for the company's 3 largest contracts (including fictional client *Global Asset Management*), totaling \$75M in total contract value (TCV).
- **Sales Methodology Deployment:** Authored and trained the sales team on the "BlueVest Strategic Sales Playbook," resulting in a 25% reduction in the average sales cycle (from 14 months to 10.5 months).
- **Account Expansion:** Implemented a structured "Strategic Account Management" program that grew top 50 accounts by an average of 40% YoY through cross-sell and up-sell initiatives.
- **CRM Optimization:** Acted as the business lead for the migration from a legacy CRM to Salesforce, ensuring 100% data integrity and building executive dashboards for real-time visibility.

Marketing Manager (High-Growth) | Catalyst Agency | 2011 – 2013

San Francisco, CA (Premier Digital Growth Agency)

Key Measurable Achievements:

- **Client Success:** Led growth strategy for high-profile clients (e.g., Fictional Client *Summit Peak Resorts*), increasing their direct bookings by 180% in 12 months.
- **Team Scaling:** Scaled the performance marketing team from 4 to 25 professionals while maintaining a 95% employee retention rate.
- **Process Innovation:** Standardized the "Client GTM Roadmap," which reduced the time-to-launch for new campaigns by 40% and became the agency's primary selling point.

KEY PROJECTS PORTFOLIO

Project Apex: The "Total Revenue Unification" (TRU) Initiative

Role: Executive Project Lead | **Investment:** \$15M | **Duration:** 18 Months

Objective: Consolidate Sales, Marketing, and Success data into a single source of truth to eliminate churn and maximize expansion opportunities.

- **Strategy:** Mapped the end-to-end customer journey for 2,000+ accounts. Developed a custom "Health Score" in Gainsight that integrated telemetry from the product with marketing engagement data.
- **Action:** Unified the lead-to-cash process across 3 different ERP and CRM systems. Launched an automated "Expansion Alert" system for account managers when a customer reached a 90% usage threshold.
- **Outcome:** Reduced churn from 12% to 4% in one fiscal year. Recovered an estimated \$45M in "at-risk" revenue and identified \$60M in untapped expansion pipeline.

Project Sentinel: AI-Driven Growth Ecosystem

Role: Technical Architect | **Duration:** 12 Months

Objective: Create a fully automated, AI-optimized demand generation engine that requires minimal manual intervention.

- **Strategy:** Leveraged OpenAI API integrations with Marketo and 6sense to generate personalized, multi-stage nurture emails based on specific account behavior and industry trends.
- **Action:** Developed a dynamic "Landing Page Forge" that used programmatic SEO to create 3,000 industry-specific pages. Integrated a real-time "ROI Calculator" that captured lead data.
- **Outcome:** Increased organic traffic by 400% and reduced the cost-per-SQL by 65%. The system currently generates 50% of all enterprise leads with a 4:1 ROI.

Operation Global Nexus: Sales Force Automation (SFA) 2.0

Role: Strategy Lead | **Investment:** \$7M

Objective: Use Revenue Intelligence to eliminate "forecast fluff" and improve sales productivity.

- **Strategy:** Integrated Gong.io with Salesforce to automatically track keyword mentions and sentiment in sales calls. Built custom dashboards that flagged "stalled" deals based on behavioral patterns.
- **Outcome:** Improved forecast accuracy to 98% (within \$500k on a \$500M target). Recovered 10 hours of administrative time per rep per week, resulting in a 20% increase in outbound activity.

Project Blue Ocean: Vertical Expansion into Public Sector

Role: GTM Architect | **Outcome:** Secured \$55M in first-year government contracts.

- **Strategy:** Led the effort to achieve FedRAMP High certification. Recruited a specialized public sector sales squad and launched a targeted lobbying and marketing campaign in Washington D.C.

LEADERSHIP & TEAM MANAGEMENT

- **The "Thorne Excellence" Culture:** Implemented a "Radical Candor" feedback model across the global organization, resulting in a Top 5% ranking in employee engagement on CultureAmp for 3 consecutive years.
- **Talent Development Pipeline:** Founded the "Growth Leaders Fellowship," an internal mentorship program for high-potential directors. 15 graduates have since been promoted to VP-level roles within the company or at major startups.
- **Diversity, Equity & Inclusion (DEI):** Spearheaded a "Blind Recruitment" initiative for all sales and marketing roles, increasing the representation of underrepresented groups in management by 55% in 2 years.
- **Global Remote Strategy:** Architected the "Work-from-Anywhere" policy for the growth organization, utilizing asynchronous workflows and quarterly "Connection Summits" to maintain high morale and 24/7 global coverage.
- **Crisis Management Leadership:** Led the global communication and retention strategy during the 2022 market volatility, managing to keep NRR above 115% while competitors saw massive churn.

PROCESS IMPROVEMENTS & AUTOMATION

- **Automated Compliance Engine:** Built an automated legal review tool for marketing assets using AI, reducing the "Creation-to-Approval" time from 10 days to 2 hours.
- **RPA for Lead Routing:** Deployed robotic process automation to handle complex global lead distribution based on a 15-point criteria system (geography, vertical, intent score, etc.). Eliminated manual routing errors and reduced response time to 2 minutes.
- **Digital Content Governance:** Standardized the global digital asset management (DAM) system using Bynder, ensuring 100% brand compliance across 22 countries and saving \$1.5M in redundant creative work.
- **Self-Service Sales Portal:** Developed a "Partner Enablement Hub" that automatically generates customized sales decks and contracts for Tier-2 partners, reducing the load on the internal sales ops team by 60%.

STRATEGIC GROWTH ANALYSIS & MARKET INSIGHTS

The Future of the CMO/CRO Convergence

In my 12 years of executive leadership, I have observed the total erosion of the boundary between Marketing and Sales. My philosophy is built on the concept of **“Seamless Revenue.”** A customer does not care about the internal distinction between a Marketing-led touchpoint and a Sales-led interaction. Therefore, I build organizations where data is the connective tissue, ensuring that a prospect’s transition from a digital ad to a discovery call feels like a single, evolving conversation.

The Role of AI in Revenue Operations

I am a firm believer that AI should be used to **“augment human empathy,”** not replace it. My strategy involves deploying AI to handle the “Cognitive Drudgery”—data entry, lead qualification, and basic content generation—thereby freeing up my sales and marketing teams to focus on high-value creative strategy and deep relationship building.

Growth in Volatile Markets

During economic downturns, I pivot my organizations toward **“Efficiency-First Growth.”** This involves a hyper-focus on Customer Acquisition Cost (CAC) payback periods and Net Revenue Retention (NRR). I believe that the strongest companies are built during periods of constraint, as they are forced to innovate their way into better unit economics.

BOARD ENGAGEMENT & INVESTOR RELATIONS

- **Reporting Mastery:** Developed the “Revenue Dashboard for Directors,” a high-level reporting framework that tracks CAC, LTV, NRR, and Pipeline Velocity in real-time.
- **Fundraising Support:** Acted as a key member of the executive team during Series C and D funding rounds, directly securing \$250M in investment through rigorous GTM defense and growth modeling.
- **Executive Coaching:** Provide regular coaching to Founder/CEOs on GTM strategy and revenue leadership as part of my commitment to the Nashville tech ecosystem.

EDUCATION

Master of Business Administration (MBA) in Strategic Management & Marketing

The University of Chicago Booth School of Business, Chicago, IL

- Focus: Behavioral Economics, Market Microstructure, Advanced Data Analytics.
- Honors: Graduated with High Honors; Recipient of the Chicago Booth Growth Scholarship.

Bachelor of Science in Mathematical Economics & Data Science

Vanderbilt University, Nashville, TN

- Honors: Summa Cum Laude; President of the Vanderbilt Finance & Growth Club.

CERTIFICATIONS

- **Salesforce Certified Sales Cloud Consultant**
- **Marketo Certified Solutions Architect (MCSA)**
- **HubSpot RevOps Professional Certification**
- **Pragmatic Institute:** Certified Product Marketing Executive (Level VI)

- **German:** Conversational.
- **Global Footprint:** Managed operations and GTM teams in: USA, Canada, UK, Germany, Spain, Brazil, Singapore, and Australia.

STRATEGIC VISION: THE NEXT DECADE OF GROWTH

The Hyper-Personalization of Enterprise Sales

The next ten years will see the total automation of the "Top of Funnel" (ToFu) activities. As AI becomes indistinguishable from human researchers, the differentiator for Enterprise organizations will be **Hyper-Personalization**. I am positioning my teams to use AI as a research tool to understand a prospect's specific business pain points at a granular level before the first human touchpoint occurs.

Community-Led Growth (CLG)

While PLG has dominated the last decade, I believe the next frontier is **Community-Led Growth**. We are building ecosystems where our customers are our primary advocates. By fostering a peer-to-peer learning environment, we reduce the friction of the sales cycle and create a self-sustaining referral engine that is immune to changes in advertising algorithms.

Ethical Growth & Data Sovereignty

In an era of increasing data regulation, I champion a philosophy of **"Radical Privacy."** We view data sovereignty not as a hurdle, but as a competitive advantage. By building trust through transparent data usage and ethical acquisition strategies, we ensure the long-term viability of our brand in a world that is rightfully demanding more accountability from tech leaders.
